Late Dr. Dodla Ramachandra Reddy
Founder, Visvodaya.

4.3.1:

Institution frequently updates its IT facilities including Wi-F

4.3.3:

Bandwidth of internet connection in the Institution

4.3.1 Institution frequently updates its IT facilities including Wi-Fi

4.3.3 Bandwidth of internet connection in the institution

The plans for infrastructural development are given top priority as the College realizes the correlation between adequate infrastructure and effective teaching – learning. The strategies adopted for ensuring adequate infrastructure are as follows:

- At the beginning of the academic year need - assessment for replacement / up gradation / addition of the existing infrastructure is carried out based on the suggestions from BOS members, Heads of the departments, lab technicians and system administrator after reviewing course requirements, computer – student ratio, budget constraints, working condition of the existing equipment and also students grievances.
- Optimal deployment of infrastructure is ensured through conducting workshops/awareness programs/training programs for faculty on the use of new technology.
- Effective utilization of infrastructure is ensured through appointment of adequate and well qualified lab technicians/system administrator.
- Renewal of AMC is done at the beginning of the academic year for the deployed Software Applications, UPS and Generators.

The institute has always been reviewing the current needs and accordingly the internet bandwidth is upgraded from time to time.

Total Number of Systems for the year 2019-20	703
Internet facility (40mbps from BSNL + 60 mbps form SR Net)	100 mbps
Total Number of Printers	52
Wi Fi facility available for students and staff	throughout Campus
UPS & Generator Facility available for all computer centers

Lr.No. TA/10-106/2011-BB/23 , dated 11/01/2012

Sub:- Provision of 10 Mb bundled bandwidth to colleges under all Universities.

This is regarding Provision of 10 Mb bundled bandwidth to colleges affiliated to Universities in different SSAs, under NMEICT.

It is to intimate that JNTU, Hyderabad, is enforcing the connectivity (10 Mbps VPNoBB bundled bandwidth) to all its affiliated colleges (around 410) and centralized payment from JNTU, Hyderabad. Each 10 Mbps connection gives us a revenue of Rs. 90,000/- per annum including MHRD contribution of 75%. JNTU,HD also issued instructions to its affiliated colleges vide the letter enclosed herewith.

In this connection, you are requested to approach the authorities of Universities located in your SSA for implementing the model of JNTU,HD for enforcing the connectivity to all colleges by the University. This will ensure VPNoBB connectivity of all colleges in your SSA thus enabling us to meet the target before 31-3-2012 as committed to MHRD and ensuring assured to revenue to BSNL.

It is also requested to arrange for updation of the colleges missing (in the attached list as confirmed by SSAs by declaring double entries/closed/shifted/not traced colleges) in comparison to website data of the concerned University. This may be done by collecting confirmed list from the Universities located in your SSA including the colleges of other SSAs. This will help to increase the number of colleges to be connected under NMEICT ensuring more revenue to BSNL.

- Encl: 1) Copy of letter from JNTU,HD.
2) NMEICT colleges list (as per SSAs)
